November 2009 Newsletter

Valley Flyers,

We are planning a fly-in (or drive-in) breakfast at the Independence Airport, Starduster Cafe for Saturday, Nov. 21 at 10:00 AM. Following breakfast, we are invited to an informal tour of the EAA Chapter 292 hangar and facilities including their ongoing airplane projects and their flight simulators. For anyone with an interest in Home-Built or Experimental Aircraft, this should be a fascinating tour.

"Chapter 292's facilities are among the top EAA Chapter facilities in the nation, with a full complement of tools and equipment owned by the chapter and available for use by our members. From woodworking equipment to specialized sheet-metal tools and equipment to tube/fabric and fiberglass equipment"

We're already making plans for our annual Valley Flyers Christmas Party. It will be held again at Joan and Vern's home on Sunday, December 6 at 5:00 PM. Please plan to attend and bring a main dish, side dish or dessert and a \$15 gift for our gift exchange.

Our Cessna 172, 12382 is officially for sale. We have ads on Barnstormers and Craigslist:

<http://www.barnstormers.com/listing.php?id=378572>

<http://salem.craigslist.org/rvs/1430825448.html>

We'll be posting ads for our Cherokee 1636H soon, but until these planes sell, they're online and available to fly.

Have a great month flying!!
