June 2010

Valley Flyers

Welcome Summer?

Please help us encourage summer by coming to our Strawberry shortcake feed on Saturday June 26. We will gather for a BBQ at the 36H hangar. Bring your choice of meat and a salad or main dish. We will provide the shortcake and coffee. Lunch will start at 1 p.m. Guests are welcome. (Pilots or not).

We want to welcome our newest member. Jacob Pratt is a new pilot that has just moved back into town and wants to fly. (John's son) We are happy to have you join us.

It's bug season again I want everyone to know that I am doing my share of bug control. If you are helping, please be sure to wipe down the leading edges of the airplane. Those bugs are hard as rock if left even one hour.

We have several new instruments in 5ED and it's ready to fly. 574 is ready to roll and 36H is a little lonesome. Why not check out in all of the aircraft so you can fly whenever you want.

Have a great month flying!!
