

Valley Flyers

October, 2012

First and foremost this month, welcome to our newest pilots. Isaac Mosgrove passed his check ride and is already looking for new places to take his wife for that \$100 hamburger. Murat Saylik passed his check ride and has been finding new territory to explore. Congratulations, Isaac and Murat! Tom Davies has successfully completed his solo and is proving to be a great pilot in the making.

Maintenance plans: The Skylane has completed it's annual and is back on line.. 5ED will be going into the shop for its annual now. Normally the weather turns crummy by then, but given how long the summer has lasted, who knows! Would you believe nearly three months with no significant rain?

Thanks to Tom Davies, Bill Mitchum, Isaac Mosgrove, Martin Winziers, Randy Ireson and five assorted offspring for washing 5ED last Sunday afternoon. With all the energy from the kids, we were done quickly and easily, and many of the (lower) parts of the plane were washed at least three times! Now she won't be embarrassed for her annual....

Further education: Oct 13, from 10AM to 2PM at HIO consider joining the FAAST seminar on how to make best use of ATC services. See

http://www.faaafety.gov/SPANS/event_details.aspx?eid=46463&caller=/SPANS/events/EventList.aspx for registration and details.

On Oct 22 in Eugene and Oct 23 in Portland (7PM both dates), AOPA is presenting "Flying for a Lifetime" – how to continue to fly safely as our bodies change with age. See:
